RULES

1. Disc Golf is played like ball golf using a flying disc. One point is counted each time the disc is thrown or when a penalty is incurred. The object is to acquire the lowest score.
2. Tee throws must be completed within or behind the designated tee area.
3. LIE-The spot on or directly underneath the spot where the previous throw landed.
4. THROWING ORDER-After teeing off, the player whose disc is farthest from the hole always throws first. The player with the least amount of throws on the previous hole is the first to tee off on the next hole.
5. Fairway throws must be made with the foot closest to the hole on the lie. The other foot may be no closer to the hole than the lie. A run-up and normal follow through, after release, is allowed.
6. DOG LEG-One or more designated trees or poles in the fairway that must be passed on the outside when approaching the hole. Until the dog leg is passed, the closest foot to the dog leg must be on the lie when the disc is released.
7. PUTT THROW-Within 10 yds. of the basket, a player may not step past the point of his lie in making his putt throw. Falling or jumping putts are not allowed.
8. A disc that comes to rest in the basket constitutes a successful completion of that hole.
9. UNPLAYABLE LIE-Any disc that comes to rest more than six (6) ft. above the ground is considered an unplayable lie. After declaring an unplayable lie, the disc must be thrown from the new lie on the ground, directly underneath the unplayable lie.
10. A throw that lands out of bounds (OB) must be played from the point where the disc went out of bounds. Water hazards and public roads are always out of bounds (one (1) stroke penalty).
11. COURSE COURTESY-Don't throw until the players ahead of you are out of range. Do not throw until you are sure that the disc will not distract or potentially injure anyone in the area.
12. Go to www.corm.us or www.pdga.com for a complete list of rules.
